

PRESSURISER PLUS

The **Amtrol Pressuriser Plus** is a streamlined, single-pump solution designed to boost city water pressure for single and multi-family homes. Engineered for performance and simplicity, it delivers up to 50 PSI with flexible tank sizing to fit your storage needs.

KEY FEATURES

- **Reliable**, heavy duty pump
- Ships pre-wired for **115 VAC**
- Adaptable to **230 VAC** site requirements
- Mechanical **easy-to-use** pressure switch
- No special tools required to adjust pressure switch
- Low water cut off for pump protection
- **Pre-pressurized** water storage tank
