

# Quiet-One 2000 Kickspace Heater

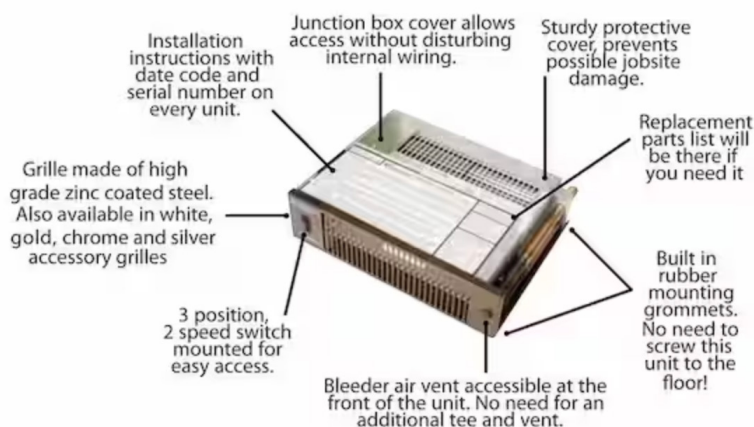

The easiest kickspace heater in the industry to install...  
especially when you use the QFHK-8 hose kit!

Designed to provide a unique yet purposeful solution to those “hard-to-heat” areas.

The Quiet-One 2000 offers high BTU output at low decibel levels. Maximum BTU output from a small footprint is the hallmark of the Quiet-One 2000 products.

This ensures maximum utilization of floor and wall space in such rooms as kitchens and baths where space is at a premium.
