

It's All About YOU!

In our 70th year, UEi is launching new solutions and strengthening our industry leading approach to customer service.

We are a 2nd generation family business equipping professionals to keep homes and workplaces safe and comfortable. Most products are designed and made in our ISO9001 factories and backed by our team in our ISO17025 Operations Center.

Here's a summary of our New Products Launching this year.

August 2024 through December 2024

UEi SERVICE+ GUARANTEED!

Our Award-Winning promise
to never let you down:

- Transparent pricing
- Up to 10- warranty
- Guaranteed same-day recertification
- Free shipping to and from our ISO 17025 Recertification Center in Indianapolis.

UEi Service+ GUARANTEED! was recently awarded the Gold Award for outstanding service.

Coming In August

THE GAME CHANGER

HEATING • COOLING • AIR VENTILATION

ALL IN ONE!

NEW KANE460

The KANE460 is a world-first Game Changer, exclusively available through UEi.

It's an award-winning all season analyzer for use throughout the year on heating and cooling applications. Designed, made, and backed by us using the KANE Operating System and the most user-friendly probes in the industry.

KANE460 recently won the Gold Award in Testing & Monitoring Product Design category.

Base configuration starting **TNP \$1,897**

Available Oct. 18th

January

UPGRADED DL569

The DL569 now includes Capacitance and Microamps.

Available Jan. 1st

UEi ReFRESH+

Refresh+ offers an easy way for wholesalers to ensure UEi Combustion Analyzers have a current calibration date for their customers.

It's an occasional program because every UEi Combustion Analyzer is calibrated "**Fresh**" right before we ship it with the calibration date clearly visible on our packaging.

All part of our commitment to reducing the cost of ownership and backing our products with industry-leading customer service.
